

Gorge Harbour 2006

Let the fun begin

All together now.

My left or yours?

High level meetings and getting things sorted out

Having fun yet?

Ignore the weather

All having a good time.

Now for the serious stuff ...

A real man overboard drill!!!

And a real recovery!!!

Not easy on your own.

And again...

Two different methods of recovery

Caused a lot of discussion

How would you do?

Thanks to a very brave person

- Colleen was the “man overboard”

Hugh started

- Proved that he still had the right "stuff"

Wade went out and did it.

☞ Thanks for the input
and ideas..

Hope we can have as good
start next year.

- And hoping this year turns out as good as the start.

CRYC
