Dear Sail Clubs,

This May (2008) we are organizing the first of two flotilla sails around Vancouver Island. Our flotilla sails will begin and end in Victoria, B.C. This sail experience may well be of interest to club members looking for a great, if not novel adventure, as well as some good sail training. We will be taking a leisurely 23 days to do this, and splitting this trip up into 4 legs (so as to enable sailors who do not have sufficient time to do whatever part of this circumnavigation suits them).

Sailors can join our flotilla in their boats or if they do not have a boat, they can join us aboard ours. There will be opportunity for persons to upgrade their sailing skills: both CYA and ISPA sailing instruction will be provided.

For more information

please go to: www.BlackfishAI.com/bencircumnavigate.html .

The link above provides information which can be conveniently emailed or posted.

Thank you for any help you are able to provide in getting this information out to your members.
