The Commodore's Message

Best of the New Year to all.

The Christmas Party was a tremendous success, as was the Commodore's drop in, and I would like to thank everyone who showed up to share in the Season with us. I was granted the good fortune to deliver the Christmas gifts from our party to the Knights of Columbus Hamper Fund and I would like to pass on my heartfelt thanks to those who contributed.

I look forward to an exciting New Year expanding on our programs while continuing to allow us to enjoy the wonderful social events that have become a mainstay of the Club

The January meeting will feature a program by Wade on his trip to the Queen Charlottes this past summer. If you have ever dreamed of such a trip this will give you a chance to share in the experience and get some answers to those questions that only someone who has done it can answer.

Hope to see you there.

As most of you know, the Christmas party was well attended. (61)

Plans are in the works to do the same thing next year; bookings are being attempted for Sunday 10th or 17th December 2006.

Non-racing weather report.

Tides and times have to be checked, there will be a racing schedule in place by racing season hopefully by the March General Meeting.
Make a plan to join in the first fun CRUISE / RACE of the season.

Non - cruising report...

To try to involve as many as possible in the cruising, it is hoped discussions will be held at the general meeting from now to our usual first RACE / CRUISE to THE GORGE May long weekend to get as many as possible involved.

As spring arrives it would be great if we could have a work party to do a few repairs and maintenance on the CLUB HOUSE. I am sure it could be turned into a social event...

What and where is this?

Small pictures of the Christmas party, any one like some?

Oops.

How not to get lost in the fog!

I never believed it could rain hard enough to completely blot out any view of, Lund, Major Island, Hernando, and Savary Island.

All I could remember before it descended on us was, Baker pass was due West. That’s where we wanted to go. I know there are some shallows on the SE side of Baker pass, The wind was from around the SE and in the high teens to the low 20’s.

After about half an hour or so, as suddenly as it came, it cleared. Just in time to start the entrance to Baker, bang on the nose. Yes I was a little nervous.

Clearing Baker we had a great sail to Herriot bay

DON’T FORGET Keep your Bearings.
