Commodores Message

Happy New Year to all our members. Many of you attended the Commodore's Drop-In on January 1st. Anna and I thank you. It was nice to have a good turnout.

Our first executive meeting of the year is behind us and we are looking forward to an interesting year of programs, socials, racing, and cruising. Our January meeting program could be very inspiring. Hope to see you all there.

I have enclosed a copy of an email we received from club members Pat and Barry Bolln on December 31st. It sounds like they are having an impressive trip.

Cheers  
Dave

Dear Friends of Campbell River Yacht Club,

We hope you had a very Merry Christmas and want to wish you a Happy New Year.

We are now in San Jose del Cabo near Cabo San Lucas, Baja California, Mexico. There are three other boats here that we have been traveling with for a few anchorages. We have had everything from flat calm motoring to wild, scary nights flying down steep waves almost out of control. The water is still not too warm so guess we need to go further south. We will leave for Puerto Vallarta in a few days when we get a weather window. There have been nasty winds in the Sea of Cortez. We miss all of you so much and hope to see some of you as you travel to Mexico. Please let us know again of your schedules. Wish we could be there with you today.

Aloha,  
Barry & Pat Bolln S/V Pacific Voyager

### *Program for January 17<sup>th</sup> Meeting*

Hey John, I just wanted to let you know about the program we have for this month for the yacht club bulletin.

#### **Morris and Maggie Thompson**

Loaded their 28' sailboat on a freighter and shipped her to Europe. She was debarked in Belgium and traveled the canals of Europe into the Med and sailed around Italy, Greece, Croatia. and Turkey. They have adventured in Europe for 6 years and have a tale to tell. They have accepted an invitation to present a slide show and tell us of their adventures for the general meeting this month. Should be an interesting evening for all. I saw their presentation in Comox last fall and was impressed at how do-able they made it seem. Their boat is for sail, moored in the med, ready to hop on and avoid the hard part! That kinda gets the juices flowing eh!

talk to you soon  
Colleen
