The **Commodore's** Message

Our Annual General Meeting is on Thursday, Nov. 20th at the clubhouse. This usually well attended meeting is a most important date on our calendar. This is your opportunity to choose the "crew" to set the course and steer your "ship" for the next year. The nominating committee reports that they have a full slate of members willing to let their names stand for election. Many thanks for a job well done goes to retiring executive members who have chosen to step aside. Thanks also go to those members who agree to be nominated this year.

Our November meeting is also the night we have the annual wine tasting event. Bring one of your favorite bottles to enter. Ballots are distributed and votes are compiled in each category, with prizes for the "best red" and "best white" wines. It's a lot of fun- don't miss it!

As this will be my final Commodore's letter may I thank all club members for their support.

Thanks again.

Dave

Winds or the lack of them, were not always considered as a matter of luck. Whistling on the deck could bring up horrendous winds, hence the saying “Whistle up a wind”. During periods of strong winds or long calm periods the people on onboard would often look for a scapegoat to account for it.

If one was present, the usual scapegoat was “the most terrible of men amongst sailors, a Russian Finn.” Finns were believed to control the winds. If the Finn was also a sail-maker, it was thought that he could do anything he wanted to.

One captain was reported to have shut a Finn down in the forepeak until he made the wind change. This believe was popular right into the twentieth century.

Perhaps signing on a Finn as crew might improve your chances at racing.
