March 10, 2007

Dear Commodore and Yacht Club Members,

The Ladysmith Yacht Club is pleased to offer Reciprocal privileges to your club members for 2007.

Our Yacht Club is located at the Ladysmith Marina and our reciprocal moorage is on the dock along-side the yacht club building. As we share this dock with our "Learn to Sail" program, please use the dock area painted green (90 feet). Reciprocal visits are limited to 2 consecutive nights with a monthly maximum of 3 nights. We have 15 amp power, and "city" water available. We also invite you to use our club decks and bar-b-ques.

The marina is undergoing an extensive upgrade and expansion, resulting in physical changes over the year as the construction phases advance. Therefore, we cannot guarantee the availability of onshore shower/ washroom facilities.

This year, registration has been modified to a "Self Register" system. The registration box with forms etc. will be on the outside of the clubhouse, adjacent to the main door. Please immediately register upon arrival, leave the "club copy" of the form in the box, and display the "visitor" copy on your boat. Also, display your club burgee at all times.

Should you require assistance, you can call the Ladysmith Yacht Club on ch.66; it is frequently manned, on a voluntary basis, or myself at 250-245-4578.

Sincerely,

John Craig
Reciprocal Chairman
